WORK & LIVE!

I've had 3 major moves in my life which has impacted me in the most exciting ways. I was born in British Guyana, in South America. My family relocated to Toronto, Canada, at the age of 6, where I grew up and call home. I decided to move to Bermuda on my own for a career and life experience and ended up spending 7 years there, where I met my husband. I have now relocated to Miami with him and am loving this new adventure!

ENJOYING SPECIAL MOMENTS!

Running a marathon, developing my yoga practice, creating some of the largest events and getting married are a few personal moments I am proud of!

As a Marketing and Brand Manager I have been lucky to work throughout Canada, United States and the Caribbean. My experience includes marketing and brand development for high profile consumer brands such as Stolichnaya Vodka, Fiji Water, Red Bull, Kellogg's and many more.

Charity has always been a part of my life from since the age of 15. I first started by spending time with autistic students at my school. I continued to do this through various organizations in Miami assisting with event planning, social media, e-marketing and fundraising for worthwhile causes. Two of these causes included: StandUp For Kids Miami and Art Studio Miami.
